**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 68 – 82 are allowed over the prior art of record. Claims 62 - 82 are to be respectively renumbered 1 -15.
2. The following is an examiner's statement of reasons for allowance: Claims 68 and 72 are allowed for the reasons pointed out in Examiner's Non-Final Rejection (Page 6). Claims 73 and 81 are allowed for the reasons pointed out in Examiner's Non-Final Rejection (Page 6 – Page 7).
3. Independent Claim 68 and Claim 72, identifies the uniquely distinct features "wherein the optical scanning system includes: a first meniscus lens having a negative optical power whose concave surface faces a side of the deflector; and a second meniscus lens having a positive optical power whose concave surface faces a side of the deflector and which is disposed in the surface-to-be-scanned side of the first meniscus lens, and wherein the second meniscus lens is tilted, about an axis perpendicular to a plane including the one-dimensional direction serving as a rotation axis, toward a side in which a light beam emitted from the light source is incident on the reflecting surface with respect to the first meniscus lens, and the second meniscus lens is shifted, in a plane including the one-dimensional direction, toward an incident side of the reflecting surface of the light beam emitted from the light source." Independent Claim 73 and Claim 81, identifies the uniquely distinct features "wherein a lens, or a lens of two lenses which is disposed closer to the surface to be scanned, in the optical scanning system is tilted such that an angle between a normal at a surface vertex of an

incident surface of the lens and a central axis of a two-dimensional deflecting range of the light beam soon after the light beam is reflected on the deflector is larger than a maximum field angle of the two-dimensional deflecting range and an angle between a normal at a surface vertex of an emergence surface and the central axis is larger than the angle between the normal of the incident."

4. Claims 69-71, 74-80 and 82 are allowable at least for being dependent on an allowable base claim

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
